**LANCASTER, Pa., May 23.**—Mr. J. Hay Brown, who accompanied Senator Quay on the latter's visit to Gov. McKim, was asked to-day for a statement as to the nature of the conversation between the two men. Fleeing that such a statement could come with propriety only from either side, McKim or Senator Quay, Mr. Brown declined to say anything on the subject. Mr. Brown was then asked if it were not true that he had arranged the meeting and he replied: "I admit being in Canton two weeks ago and had a very pleasant interview with Gov. McKim. I went there in response to an invitation, but I refuse to say whether or not the visit of Senator Quay was the result of that meeting. I went along on the last trip at the request of Senator Quay, who telegraphed me from Washington to join him in Harrisburg. The meeting between the two presidential candidates, I may say, was of a most cordial nature."

**PITTSBURG, Pa., May 23.**—Shortly after noon Senator Quay's son, Richard, telephoned from Harrisburg to his father, who was not up to the city until Monday. He said further that the Senator had not prepared any statement, but that he was not at all probable that he would do so, as he had refused to divulge the results of his visit to Canton, even to him.

**AGAIN THREATEN TO BOLT.**  
The Cook County Gold Democrats Are Hard to Please.

**CHICAGO, May 23.**—When the Democratic Gold Standard Committee read the call for the County Convention, as issued by the County Central Committee, a meeting was called and war was declared. There will probably be two Democratic county meetings.

After the Central Committee met Thursday the Gold Standard Executive Committee appointed a special plan to meet the emergency. The committee was not to have met until to-day, but when the leaders read the official call for the primaries and for the convention they were so incensed that they decided to do something at once and the committee was called together. After two hours' consideration of the question the following resolutions were unanimously adopted:

Resolved, That this committee recommend to the Executive Committee that the Democratic Gold Standard Committee be reorganized on Monday morning at 10 o'clock Tuesday morning, in West Twelfth street Turner Hall. The primaries are to be held on Monday, between the hours of 11 a. m. and 1 o'clock, at all the wards and towns in Cook County.

Part of the Maryland delegation, which will bring the candidacy of Joshua Levering for the head of the National ticket, came in and is quartered at the St. Charles Hotel. They have with them a seemingly inexhaustible supply of Levering buttons, which they will use among the friends of the "broad-gauge" candidate between the time and the narrow-gauge" candidate, who, if possible, on the basis of some who are not, enlisted in favor of the "broad-gauge" candidate, whoever he may prove to be.

The Pullman and dining car conductors of the train which left here for Los Angeles last Saturday night say that Blantner was a passenger on their train. They have positively identified photographs of him, as those of a passenger on the train. The attention of the railroad men was particularly called to Blantner because he was seen in the dining car, and was seen removing his gloves. It is known that he was seen in the dining car, and was seen removing his gloves. It is known that he was seen in the dining car, and was seen removing his gloves.

## VILOR TO BE RETIRED.

Recommended by the Committee  
and Sustained in Conference.

## MORE EDITORS ELECTED.

Dr. Bowditch Not Sustained in His Com-  
plaint Against Bishops Fowler,  
Fitzgerald and Warren.

CLEVELAND, O., May 23.—Bishop Warren presided over today's session of the Methodist General Conference.

The Rev. Dr. F. E. Scott was elected as editor of the Southwestern Advocate by 252 votes, or 54 percent of the total.

It was ordered that E. W. L. Hammond, the displaced editor, be paid his salary until either work can be found for him.

Dr. Homer Eaton was made Treasurer of the Missionary Society of the Methodist Church.

Dr. F. L. Nagle was elected editor of the House and Herald, and Dr. J. P. Henry of Dr. H. H. was elected editor of the Epworth Herald.

Mr. M. Buckley presented the report of the Committee on Episcopacy. He reported the case of Dr. A. C. Bowditch against Bishop Fowler, Fitzgerald and Warren as to his transfer from New York east to New England.

The non-effectiveness of Bishop Taylor of Africa and his retirement was recommended and the report was concurred in.

The committee reported on favor of missionary bishops in India, South America and Africa, but at Dr. Buckley was opposed to one in South America.

Dr. Kinney took charge of the report. Dr. Kinney opened the debate in favor of the report. Others who spoke were Dr. Payne of New York, Dr. Neely of Philadelphia and Dr. Buckley.

For two hours the question was warmly debated and at last Dr. J. W. Hamilton moved that all of the report referring to the following questions: Can a general superintendent be excluded from presiding over any conference in any part of the world? Can two bishops be assigned to the same territory?

Dr. J. W. Hamilton of New York presented a substitute which declared it not expedient to elect missionary bishops, except possibly a successor for Bishop Taylor.

Dr. Hamilton withdrew his motion and, after still more debate, Dr. Ackerman moved the previous question.

An effort to lay Dr. Manu's substitute on the table failed, and the majority of the conference resulted in its acceptance by a vote of 277 to 189.

The substitute was then adopted and Dr. Buckley moved to elect a missionary bishop for Africa.

Dr. Leonard rose to speak and the conference sat down on his head. He at once denounced the action in failing to provide a bishop for Asia as a most stupendous mistake ever made by a general conference.

At once Dr. Buckley was on his feet and said Dr. Leonard had no right to denounce any action taken by the conference except under a vote for reconsideration.

Bishop Warren moved Dr. Buckley and Dr. Leonard to order, and will address the assembly.

Dr. Lanahan of Iowa, and he took his turn at Dr. by saying he had no right to raise any question of the conference, and Bishop Warren ruled that he was right, and the conference applauded. Dr. Leonard sat down.

A fast from the day's discussion it decided to elect a missionary bishop on May 24. The entire morning was consumed in the election of a bishop for Asia as a most stupendous mistake ever made by a general conference.

At once Dr. Buckley was on his feet and said Dr. Leonard had no right to denounce any action taken by the conference except under a vote for reconsideration.

## PICKED ERRIES AT NIGHT.

Steve Conroy's Explanation of a Bullet Wound in His Leg.

Steve Conroy is a professional strawberry picker and he is so devoted to his avocation that he cares not whether it is daylight or dark he will pursue it with nimble fingers and a zealous heart.

It was just this kind of enthusiasm that landed Steve in the City Hospital with a bullet wound in his leg.

Steve's wound was dressed at the City Hospital. The bullet entered his leg while he was picking strawberries.

"That's the 'cullin', an' I was in Kansas City 'tween daylight and dark when a moon had a fine lot of berries near Passyville, and he was offerin' 'em a quart for pickers."

"I'm a strawberry picker," said Steve. "That's the 'cullin', an' I was in Kansas City 'tween daylight and dark when a moon had a fine lot of berries near Passyville, and he was offerin' 'em a quart for pickers."

## TWO BOYS LOVE AND LEAD.

Joe Zanone and Gervais Robinson  
Fight Over a Girl.

FANNIE FINN THE CHARMER.

Tries to Kill Robinson, but After  
Two Shots Runs Away.

Joseph Zanone and Gervais Robinson, Jr., were contestants for the affections of Fannie Finn, a pretty seamstress, who boards at 2701 Morgan street.

The rivalry was so bitter that when the authors met at the home of the seamstress on Friday night a row was precipitated.

Zanone drew his revolver and fired a couple of shots at Robinson. His aim was bad, and when a crowd began to arrive Zanone ran.

He was arrested at Eleventh and Morgan streets by Detectives Burke and Crowley and was put in the holdover.

A warrant for assault to kill was issued Saturday morning.

F. Gervais Robinson, Jr., a young man 21 years old, is son of Dr. P. G. Robinson, and lives with his parents in their handsome home at 2710 Washington avenue.

Zanone is a well known police character. His parents are eminently respectable and reside at 3145 Finney avenue.

Young Robinson and his family feel keenly the disgrace arising from the brawl, and are uncommunicative. The young man refused to see a Post-Dispatch reporter, but his sister, a tall, stately and handsome young woman, told the reporter there was really nothing in the matter.

"My brother says that the fight, if it may be termed that," said Miss Robinson, "was the result of a misunderstanding. Zanone thought my brother was jealous of him and taunted him with it when they met on the street. He made my brother angry and he called Zanone a liar. Then Zanone drew his pistol and fired. That's all there is to it. Neither of us struck Mr. Robinson. He does not know who the young woman in the case was and he is not in the hold-over."

Zanone was seen in the hold-over and was more communicative. "It was like this," he said. "I was standing in the hold-over and I saw a young lady standing in the hold-over and I saw a young lady standing in the hold-over."

## OPERA MANAGERS FAIL.

Abbey, Schoffel & Grau Have Made an Assignment.

NEW YORK, May 28.—The Herald this morning says:

After an extended and brilliant career as operatic and dramatic managers, after introducing to the American public the greatest actors and singers of Europe, after presenting grand opera on a more splendid scale than had been attempted in this country, Messrs. Abbey, Schoffel & Grau, who have been in the Metropolitan Opera-house and Abbey's Theatre in New York and the Tremont Theatre in Boston, have found themselves in financial difficulties and have made an assignment for the benefit of their creditors.

Their opera ventures since 1887 have given them magnificent profits, but with two or three exceptions, they have not been able to pay their debts. Their dramatic undertakings have been most disastrous, and have not only swallowed up all the great gains of the opera season, but have left the firm in debt. The firm has been practically stripped of every dollar that they owned. The crisis was precipitated by Mr. Abbey's present serious illness. The opera season, which was highly successful, was largely under Mr. Abbey's management, and the season having been finished, there was no trouble in that direction. The artists had been paid and had gone to Europe, and most of them had been re-engaged for the season.

Mr. Schoffel was mainly in control of the Tremont Theatre in Boston, in which the firm was profitably interested. The general theatrical speculations, such as the Lillian Russell Company and other engagements, were under the hand of Mr. Abbey. Then, while Mr. Grau busied himself with theatrical meetings and Mr. Schoffel with Boston affairs, Mr. Abbey was general manager or financial manager of the firm's interests. As a result of the losses sustained by the firm, the partners found themselves in a most embarrassing position. The firm's dramatic business was going from bad to worse, and Mr. Abbey was lying at the Gilsey House too ill to give his partners aid or assistance.

A consultation was held with several gentlemen who were intimately associated with the Metropolitan Opera-house, and with others, business and personal friends of all three partners, and the assignment was decided upon. The papers were signed yesterday by C. A. A. Rand of Boston and Mr. Louis J. Phelps of Chicago and Montgomery were named as assignees. When the assignment was made, the report it will probably be found that the sum owed by the firm does not exceed \$200,000, and possibly may prove to be a somewhat lesser sum. Against this the firm have numerous assets which, if carefully nursed and managed, may produce \$200,000, or at least \$150,000.

Among all the losses and lesser actors and actresses whom the firm has managed during the last few years, Irving and Bernhardt are almost the only ones who have brought a profit to the partners, the Lillian Russell Company, heading the disastrous list with losses of \$200,000.

NEW YORK, May 28.—Louis J. Phelps, assignee of Abbey, Schoffel & Grau, could not say anything definitely to-day about the affairs of the firm. Mr. Phelps said, however, that the firm was not in a position to have been ascertainable up to the present time. The fact that George L. Phelps, the senior partner of the firm, is a member, is a member and director of the Metropolitan Opera-house, would seem to indicate that the assignees of that establishment and Mr. Phelps will not push matters to the point where they can possibly avoid doing so.

Joe Grau, the member of the firm who has been in charge of the affairs at the Lillian Russell Company, it is said, will contract with the assignees to produce the opera recently closed.

## CARTER'S MR. FAIRBANK

David Belasco Is Suing the Pork-Packer for Compensation.

NEW YORK, May 28.—David Belasco, the playwright, is suing N. K. Fairbank, the Chicago millionaire, in the Supreme Court of this city for \$25,000, which he claims as compensation for teaching Mrs. Leslie Carter how to act.

Mr. Fairbank made his fortune in the packing line and Mr. Belasco claims that it was under his direction that he made Mrs. Carter an actress. He claims that he was in her sensational divorce suit in Chicago in 1888.

In an affidavit accompanying his bill of particulars, Mr. Belasco says his claim is based on a contract between Mr. Fairbank and himself, by which he was to prepare her for the stage and make her a star. He claims Mr. Fairbank was kept advised of his work and of the progress made in the tedious labor of star-making.

Mr. Belasco says he prepared and instructed Mr. Carter in stage work, elocution, calisthenics, facial expression, stage deportment, voice culture and all the other accomplishments which are necessary to success in his time. From July, 1888, to November, 1890, he was in the "City" Theatre.

Several Chicago lawyers who appeared in behalf of Mrs. Carter during the celebrated divorce proceedings in Chicago, are hostile and others are expected. They are called to tell what, if any, part of the work was done by Mr. Fairbank. Mr. Fairbank may have had the pecuniary support of Mrs. Carter's stage ambitions.

In the divorce proceedings Mr. Carter complained that his wife had received large sums of money from sources unknown to him. Mr. Fairbank himself is in the city, and may be called upon to testify when the suit comes up next week.

# WILL SMITH MATTERS OVER.

Fair Association and L. A. W. to Amicably Adjust Differences.

TRACK WILL BE BUILT.

Representative Robert Will Not Blacklist the Track, but Will Suspend All Riders—Sporting News.

Douglas W. Robert, local member of the Racing Board, has written a letter to Secretary Aull of the Fair Association, stating that since he has learned that his ban against the bicycle races to be run at the Fair Grounds on Sunday, June 14, is apt to involve the association in legal entanglements he will modify his ruling as to the track and only include the riders who participate.

This greatly alters the situation and relieved of any anxiety about being blacklisted, the association will now probably go ahead and close the contract with Frederick Whitney for the track. Mr. Whitney is still here and will confer with Secretary Aull today. In his letter Mr. Robert states that his action in suspending such riders as participate in the Sunday racing will not in any way affect the new track.

Secretary Aull also received a telegram from Chairman Gideon this morning declining to interfere and referring him to Robert. Mr. Robert regrets that his enforcement of the racing ban will be delayed by the building of the new track, as he has been one of its most enthusiastic promoters, and would intentionally take no action calculated to retard the scheme. He also thinks that wrong construction was placed upon his original communication. The matter is now smoothed out as far as the association is concerned and all things will go on without further friction.

As was exclusively announced in yesterday's Post-Dispatch, L. D. Cabanne and D. W. Robert, the local representative of the L. A. W. Racing Board, have patched up their differences and are now friends. This means that Cabanne will be reinstated by the Racing Board and as a natural sequence allowed to compete in the Forest Park track race.

Mr. Cabanne is St. Louis's greatest cyclist. Unfortunately he became the victim of a lot of foolish talk about having participated in a "fixed" race at De Hoda in August, 1891. The talk was his team mate, a well-known cyclist, who was fixed the race, but exculpated Cabanne of all blame. The Racing Board applied laws of Draconian severity and Cabanne was suspended.

While the Racing Board had a lot of circumstantial evidence to justify its course, it has been shown time and again that circumstantial evidence is not always infallible. Those who knew Cabanne best never believed that he would be guilty of any crookedness. The Racing Board will act sensibly and gracefully in removing the stigma placed upon him.

Quite a number of ladies and their escorts will go to Pike County this evening on the steamer St. Paul. They will tour over the matchless Pike County "Bell" to-morrow. The roads are in splendid shape and a most enjoyable time should be their experience.

## TUAF GOSSIP.

The Betting Privilege May Develop a Sensation To-day.

Another crisis in the betting ring squabble will occur this afternoon when the hour arrives for the semi-weekly "draw-in." Just what will happen it is difficult to foretell, as there are so many ways that the matter can be settled. The Racing Board officials are decidedly reticent. Ullman's \$5,000, which was to have been paid last Thursday, is still in its infancy. The Racing Board remains there, he says, until he receives some assurance that he will not be interfered with in his management. Something will drop this afternoon if less than twelve books should draw in and the association should then design to put on other bookmakers.

A meeting of the directors was held Friday, but the action was not given out. It is known, however, that the controversy was thoroughly discussed and plans laid in event of an emergency. Sam Adler has had several consultations with the Racing Board, which may or may not portend some important move.

Mike Dwyer has a lease on the running qualities of the speed track in his race at the Louisville meeting which has just closed. Before the race Dwyer announced that should his mare win the race he would present the sum of \$10,000 to the racing board. The only information he had of the identity of this person was that she was a sister of Charlie, who had formerly lived in the convent in Nazareth, Ky. The recipient of this handsome sum is Sister Cleophas, Mother Superior of St. Catherine's Academy, in Lexington, Ky., for whom Mr. Lancaster of Bardonia named the now famous filly. The money has been sent to Lexington.

## Track Talk.

Tommy Murphy has certainly put up some poor rides, but it looks more like ignorance than design. He is a track surfer and is always in order.

Pinky Potter ran a surprisingly good race yesterday, but not for the first time. He has been in the saddle for some time and played him for a place. He won easily.

Many turning heads at the Ritz Club would have better success with the starting machine if he would compel the jockeys to line up against the tape. Promont officials mean much to the success of the meeting.

To-day's card is an unusually good one. Tartarian, Magnet, Gath and New are scheduled to come together in the second race, to say nothing of the \$10,000 filly stake, which will bring to the post the pick of the 2-year-olds at the track.

## BEAT BROOKLYN.

Hart Pitched Steadily and the Browns Hammered the Ball.

William Hart pitched another of his excellent games Friday and the Browns beat Brooklyn's antiquated representatives in a walk.

Nothing remarkable about the contest, save that the home team batted harder, better and cleaner than the visitors.

# SHINDAG—ST. LOUIS POST-DISPATCH—MAY 28, 1892.

Tommy has not been hitting well this season and his pick-up signified that he has at least struck the ball which made him a wonder with the stick last fall.

Hart pitched hard and steadily. He kept the hits well scattered and was very effective when men were on bases.

Monte Cross also did some hitting for the first time this season. He got one home run and cracked the ball every time he came to the bat. Griffin robbed him of a home run in the sixth inning by a great running catch.

Dumbert was knocked off the slab in the sixth inning. It was the first time this season that the Browns have made a pitcher quit by hitting him. McDermott of Louisville had to leave the box because he was wild.

Brooklyn To-Day.

Brooklyn and the Browns will have it out at Sportsman's Park again this afternoon. Kieflinger and Murphy will do battery work for St. Louis, while Payne or Abbey and Burrell will officiate for Brooklyn. If the Browns win the coming two games with Brooklyn they will hold the club in the League race. Play will be called at 4 p. m.

Baseball Notes.

A St. Paul crowd came very near mobbing Umpire McDonald yesterday. McDonald made a bad decision in the ninth inning which gave Indianapolis the lead.

It happened the Hoosiers won out and the spectators began to make things pleasant for the umpire. He ran under the stand and was protected by the police from mob violence. The umpire was then compelled to stay with him until he reached a Minneapolis car and left the city.

McDonald will be remembered in the National League last year and enjoyed the distinction of being the worst official that ever gave decisions on the local diamond. Jevie, another of last year's League incompetents, was fired from the Western League last week, and Betts, the most famous of all, had to quit active service in the Southern League under similar regulations as may be prescribed by the Secretary of War and upon the payment of such compensation as that officer may find to be reasonable; provided further that in every case the umpire shall be paid a greater salary on the rock used for the construction of the backwater than 125 cents cubic yard and shall be charged, and the Southern Pacific Company shall charge no more than one-half cent a ton per mile for freight on rock transported over its road.

The result was a turning down of C. P. Huntington and the Southern Pacific Railroad Company. The umpire was satisfied with the result and is not worried over the provision about the umpire's salary. The umpire will be paid \$10,000 a year, and the Southern Pacific Railroad Company will be paid \$10,000 a year.

# C. P. HUNTINGTON TURNED DOWN.

An Agreement Reached on the California Harbors.

HOUSE CONFEREES RECEDE.

The President Will Appoint the Civilian Commissioners and Rights at Santa Monica Guarded.

WASHINGTON, D. C., May 28.—The conferees on the river and harbor bill have reached an agreement satisfactory to themselves and to others, including Senator White. The harbor conferees agreed to recede from their opposition to Senate amendments for harbors at Santa Monica and San Pedro, provided the bill should be amended so as to render available the appropriation for the inner harbor at Wilmington on San Pedro Bay in case the commissioners provided for should decide upon San Pedro as the most available place for an outer harbor. This proposition was accepted and an amendment was made to the bill to the effect that no contracts should be entered into for the inner harbor at Wilmington until the commissioners should report and not at all in case they should decide in favor of an outer harbor.

The House conferees yielded their contention that the civilian commissioners should be appointed by the President, and agreed to the addition of the following proviso as an addition to the Santa Monica item: "Provided, however, that if the board hereinafter created shall determine in favor of the construction of a breakwater at Port Los Angeles, California, the Secretary of War shall hereby appropriate shall be made, not shall any contract for the construction of such breakwater be entered into until the Southern Pacific company, or the owner or owners thereof, shall execute an agreement and file the same with the Secretary of War, that any railroad company or any corporation engaged in the business of transportation may share in the use of the pier now constructed at the approaches and tracks leading thereto, situated westwardly of the breakwater, and the same may be agreed upon between the parties, and if they fail to agree then to be determined by the Secretary of War, and before any expenditure of the money hereby appropriated is made for the construction of a breakwater at Port Los Angeles, said pier shall be used for the purpose of operating the same across the track or tracks, approaches and right-of-way now used by the Southern Pacific company under such regulations as may be prescribed by the Secretary of War and upon the payment of such compensation as that officer may find to be reasonable; provided further that in every case the umpire shall be paid a greater salary on the rock used for the construction of the backwater than 125 cents cubic yard and shall be charged, and the Southern Pacific Company shall charge no more than one-half cent a ton per mile for freight on rock transported over its road."

The result was a turning down of C. P. Huntington and the Southern Pacific Railroad Company. The umpire was satisfied with the result and is not worried over the provision about the umpire's salary. The umpire will be paid \$10,000 a year, and the Southern Pacific Railroad Company will be paid \$10,000 a year.
